Re: United States v. Young, Docket No. 21 Cr. 499 (PAE)

Dear Judge Engelmayer:

I represent Frayvon Young in the above-referenced matter. I write now without opposition from the Government and Pretrial Services to request a modification to Mr. Young's bail conditions. The specific request is to reduce Mr. Young from home incarceration enforced by location monitoring to a curfew, as set by Pretrial Services and enforced by location monitoring.

Mr. Young presently is on bail in the above-referenced matter with conditions of a bond and home incarceration with electronic monitoring, which only allows him to leave home for counsel visits and medical emergencies. Mr. Young wants to pursue employment and/or further his education, which he cannot do on home incarceration. I have discussed this request with Pretrial Services Officer Marlon Ovalles who has advised me that Pretrial consents to this modification. I also have communicated with AUSA Christy Slavik regarding this request. AUSA Slavik has indicated in an email that the Government has no objection to this request and defers to Pretrial Services. Pretrial Services Officer Ovalles has advised me further that Mr. Young is in compliance with the conditions of his present bail.

Thank you for the Court's consideration of this request.

**GRANTED.** The Clerk of Court is requested to terminate the motion at Dkt. No. 84.

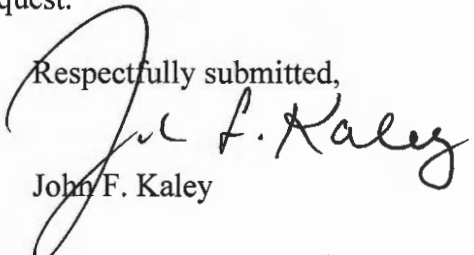

SO ORDERED.

PAUL A. ENGELMAYER  
United States District Judge

Respectfully submitted,
